#### **DETAILED ACTION**

1. The amendment filed on 10/26/05 has been fully considered and made of record.

## Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 8, 9 and 16-30 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claims contain subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventors, at the time the application was filed, had possession of the claimed invention. The added language "... wherein said at least one thinned oxide is formed by diffusing a dopant ... and non-diffusion areas of the substrate," (Claim 1, lines 4-7), "... with a non-diffusion area therebetween ..." (Claim 24), "... diffusing a dopant ..." (Claims 25, 26) and "... is not associated with the formation ..." (Claims 27-30) are new matter; throughout the specification, Applicants have failed to specifically define them. The drawings and specification, as originally filed, do not provide support for these limitations, newly claimed.

### Response to Arguments

4. Applicants' arguments with respect to claims 8, 9 and 16-30 have been considered but are moot in view of the new grounds of rejection.

#### Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicants' disclosure.

Applicants' amendment necessitated the new grounds of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicants are reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action.
